

**An essential and powerful solution.
Online and direct to your customers.**

THE CONTEGRO® E-COMMERCE SUITE INTEGRATES THREE ESSENTIAL ADD-ON MODULES INTO AN ENTERPRISE-LEVEL SOLUTION FOR DISPLAYING AND SELLING AN EXTENSIVE RANGE OF PRODUCTS ONLINE. PACKED FULL OF KEY SALES-MOTIVATED FEATURES, THIS SOLUTION WILL ENHANCE YOUR ABILITY TO DISPLAY AND SELL PRODUCTS TO YOUR CUSTOMERS AND WEBSITE VIEWERS.

The Product Catalogue Module caters for a broad range of cataloguing requirements which will provide the foundation for your business-to-consumer and business-to-business commerce needs. Amongst the many features of the Product Catalogue are; powerful image controls, search engine friendly URL's, cross-selling ability and unlimited advance pricing options for group or member pricing. Product navigation is integrated with global site navigation to give a seamless user experience and items can be clearly marked in or out of stock. The optional RSS output means that you can publish your catalogue directly to consumers.

Manage and structure the checkout process to suit. You can have client based ordering where you have to register. Or you can have one off ordering where you don't have to register. Full flexibility

Shopping bag slide down control.
